ANNOUNCEMENT

Volume XVI of the National Records is presented to the rapidly increasing membership of this great organization, hoping that it will be useful to them in many ways. The entries for Vol. XVII colsed Sept. 27 and work on printing it has already begun. About one-third of the entries for Volume XVIII have been entered in the records. You can see at a glance how rapidly our records are being made. We wish to caution recorders to look over carefully all certificates at the time of receiving them from the office and if any name, number or date does not agree with your private record, return at once for correction. In this way errors that creep into the volumes can be almost wholly eliminated.

This is the third volume sent to the members since March 1, 1905. Others will follow as quickly as they can be printed.
